

Here's what parents are saying about A Plus Tutoring:

I would highly recommend A Plus Tutoring. I sent A Plus an e-mail, got an immediate response and we scheduled to meet the next day. Cathy listened to the needs I had for my son and within two days had me set up with a tutor.

It was a great match for my son and he achieved all the goals we had set for him. I was very pleased with the personal service.

M.M.
Melrose

I hired A Plus for my daughters and another student for in-home SAT test prep. The instructor's knowledge and experience were second to none, and the results were extremely satisfying.

When we needed a tutor for a refresher course and help with college essays, A Plus was there again with great results. I highly recommend A Plus Tutoring!

R.H.
Revere

Our son has had a very positive experience with A Plus Tutoring. We have seen his confidence increase and he has made improvement in his academic subjects.

He has learned to become more organized and his written compositions have improved because of the strategies he has learned. We are very pleased with the progress we have seen over the last three years.

W.P.
Stoneham

I would like to thank A Plus Tutoring for all the excellent assistance my daughter has received over the last several years. She is well prepared for the remainder of her senior year and moving into college.

Study and organizational skills

Many students have difficulty in school because they don't really know how to study properly and have trouble organizing their time.

A Plus has developed an effective program to teach good study habits and efficient use of time.

OUR SYSTEM

Tutoring can be done in the convenience of your own home or at our academic center in Melrose.

Initially, we meet with the parents to evaluate the specific needs of the student and develop an appropriate educational plan.

If necessary, and with the parents' consent, we will also meet with teachers and school administrators to further evaluate the student's needs.

TEST PREPARATION

Standardized tests can be difficult, sometimes frightening, for students of all ages.

We give students the tools and confidence to do their very best.

Working one-on-one, A Plus tutors teach proven test-taking tips, strategies and organizational skills that increase scores.

A Plus offers test preparation for:

Scholastic Aptitude Test (SAT)

Group sessions, with individualized attention available from the instructor. See our Web site for schedule.

Preliminary Scholastic Assessment Test (PSAT)

American College Testing (ACT)

Secondary School Admission Test (SSAT)

MCAS

“My daughter received her test scores yesterday and she was very happy with them. She really feels that tutoring from A Plus made the difference.”

Our tutors are experienced and schooled in the latest techniques.

Speech disabilities

Specialized speech instruction for those who have trouble speaking clearly or pronouncing certain sounds.

ABOUT A PLUS TUTORING

Cathy Scarlatos

Owner, Director

A former teacher and tutor, Cathy Scarlatos has more than 15 years of experience in education. For the past eight years, she has specialized in providing tutoring and test preparation services for students and adults.

Cathy has a Master's degree in Education from Lesley University and a BA in Marketing and Management from Northeastern University.

A Plus staff

A Plus tutors are certified Massachusetts teachers or degreed professionals, currently working in an educational environment using the Massachusetts State Frameworks as a basis for instruction.
