

***Here's what our customers are saying:***

Northeast Maintenance does a great job at whatever needs to be done and it is wonderful to know you have someone you can trust. We have not had any water problems since the leak was fixed and it's reinforced every year.

We are also pleased with the way the roof and gutters are checked when they're cleaned. They make sure we will not have a problem over the winter.

Chris is one of the most polite people to work with. He is honest, hard working, and extremely trustworthy. I have used Northeast Maintenance on two occasions for interior painting. Both were fairly large jobs. The painter was one of the best painters I have come across. His cut-ins were incredible! Chris offers very fair pricing, and high-quality work.

Chris was extraordinary in his efforts to help us out. He came out twice at very short notice to inspect our gutters and roof edge in advance of a hurricane, and helped us diagnose and solve a major leak into our house from improperly installed gutters and flashing.

He came out to the house on a Sunday night, in the dark, wind, and rain, and spent two hours flashing our roof with the hurricane bearing down. All that, and Chris never deviated from his original estimate. I couldn't be more pleased with his work and friendly demeanor.

## ABOUT US

Christopher Chemlen has been running Northeast Maintenance for more than 20 years, providing residential and commercial maintenance services in the greater Boston area.

### Maintenance is the key

The business is not just cleaning and repairing. It's maintenance. You don't want to wait until the roof leaks, the paint peels or the gutters start to overflow.

In order to properly maintain a home or building, it's important to pay attention to the natural aging process and fix things before they become problems.

### Customer service

We treat people the way we would want to be treated ourselves. We offer friendly, courteous service and focus on building long-term relationships with our customers.

At Northeast Maintenance, we show up on time and do the job right at a reasonable price. We've provided service for more than 300 homeowners and businesses, many of whom have been customers for years.
